

# Family Watchdog API

Family Watchdog is a company driven to provide awareness to people when they need it most. We are the world's leading reference for Registered Sex Offenders data.

Build customer applications that are quick to develop and flexible using our integration services built using Cloud based scalability.

Our API utilizes industry standards using a simple URL based call with JSON and XML based formats allowing integration to be seamless to our system.

## What can the API do?

- Name based searches using last name, first name and date of birth (optional)
- Latitude/Longitude based radius searches
- Zip Code radius searches
- Flexible offender detail request allowing for faster offender details

Sales: 1-888-510-2879

# Family Watchdog Benefits

## KNOW THAT YOUR RESULTS ARE RIGHT!

By using our name matching algorithms (utilizing names, alias and nicknames) you will easily find offenders that match your search criteria. Our date of birth and age matching helps minimize the results helping improve false positives.

## BE CONFIDENT IN YOUR RESULTS

Family Watchdog is the most up to date data in the industry gathering information from all fifty states, including Guam, Puerto Rico and the US Virgin Islands. We also have all of the Indian Tribes that reside in the US. Our data is updated daily making sure you get the most accurate information.

## BEST CUSTOMER SUPPORT

We are here to help. With our years of experience in the sex offender industry, we can answer most of your questions that may arise from your customers or team. Our development team has been involved decades of experience and can help you get started quickly.

## GET MORE FOR LESS

Family Watchdog API is priced to support small usage customers along with customers that may make millions of calls per month all utilizing our cloud based system minimizing latency for your customers.

Get started today! Login or Create an Account!

Launched in August of 2005, Family Watchdog is the most widely used provider of registered sex offender information in the US.

Family Watchdog enables users to see and keep track of where registered sex offenders live and work in their communities through a user-friendly search and map display
